Research Papers

Introduction to special issue titled earthquake hazard evaluation in the Central United States
E. S. Schweig, J. S. Gomberg and R. B. Van Arsdale 1

Soil amplification maps for estimating earthquake ground motions in the Central US
R. A. Bauer, J. Kiefer and N. Hester 7

Central US earthquake catalog for hazard maps of Memphis, Tennessee
R. L. Wheeler and C. S. Mueller 19

Geometry, numerical models and revised slip rate for the Reelfoot fault and trishear fault-propagation fold, New Madrid seismic zone
J. Champion, K. Mueller, A. Tate and M. Guccione 31

Known and suggested quaternary faulting in the midcontinent United States
R. L. Wheeler and A. J. Crone. 51

Seismic-reflection imaging of Tertiary faulting and related post-Eocene deformation 20 km north of Memphis, Tennessee
R. A. Williams, W. J. Stephenson, J. K. Odum and D. M. Worley. 79

High resolution seismic-reflection imaging of shallow deformation beneath the northeast margin of the Manila high at Big Lake, Arkansas
J. K. Odum, W. J. Stephenson, R. A. Williams, D. M. Worley, M. J. Guccione and R. B. Van Arsdale. 91

Geologic structures related to New Madrid earthquakes near Memphis, Tennessee, based on gravity and magnetic interpretations
T. G. Hildenbrand, W. D. Stuart and P. Talwani. 105

NEHRP soil classifications for estimating site-dependent seismic coefficients in the Upper Mississippi Embayment
R. Street, E. W. Woolery, Z. Wang and J. B. Harris 123

Regional variations in near surface shear wave velocity in the Greater Memphis area
S. Romero and G. J. Rix 137

Microtremor observations of deep sediment resonance in metropolitan Memphis, Tennessee
P. Bodin, K. Smith, S. Horton and H. Hwang. 159

Geotechnical site characterization in the greater Memphis area using cone penetration tests
J. A. Schneider, P. W. Mayne and G. J. Rix 169

Non-linear one-dimensional seismic ground motion propagation in the Mississippi embayment
Y. M. A. Hashash and D. Park. 185

Liquefaction susceptibility mapping in the city of Memphis and Shelby County, Tennessee
A. T. Broughton, R. B. Van Arsdale and J. H. Broughton 207

Seismic response interaction between subsurface geology and selected facilities at the University of Mississippi
C. L. Mullen and C. T. Swann. 223

A seismic hazard uncertainty analysis for the New Madrid seismic zone
C. H. Cramer 251

Groundwater resources evaluation case study via discrete fracture flow modeling
M. Wang, P. H. S. W. Kulatilake, B. B. Panda and M. L. Rucker 267

A new rock mass classification for Coal Measures Rocks
E. Yaşar 293

Detection and hydrologic modeling of aquifers in unconsolidated alluvial plains through combination of borehole data sets: a case study of the Arao area, Southwest Japan
K. Koike, H. Sakamoto and M. Ohmi 301

The combined effect of clay and moisture content on the behavior of remolded unsaturated soils
N. A. Al-Shayea 319
Ground zoning against seismic hazard in Athens, Greece
P. Marinos, G. Bouckovalas, G. Tsiambaos, N. Sabatakakis and A. Antoniou 343
Book Review
Stone: Building stone, rock fill and armourstone in construction, by M.R. Smith (Ed.). The Geological Society, London, UK, no 16, 1999. Hard cover, XX + 478 pp. ISBN 1-86239-02-90
F. G. Bell 357
